

An ECOSOFTT Success Case: Formula One Grand Prix

ECOSOFTT Support Green Race with ecosenses Range of Wellness Solutions

The Singapore Grand Prix with the world's first night race is the crown jewel of Formula One calendar. More than 100,000 visitors watch the race on site. The organisers aims to deliver the highest standards of hospitality management in an environmentally sustainable way.

ECOSOFTT is proud to associate ourselves with the Singapore Grand Prix and provide our ecosenses set of natural housekeeping products to support a green race. These eco-friendly solutions keep the facilities in tip-top conditions with minimal effort and without the use of toxic chemical agents.

- Air freshening for toilets Air Nourish
- Drainage odour removal using Drain Detox
- Toxic-free cleaning in the hospitality suites using Super Surface Cleaner
